1. Introduction 1

2. Sewer Service Charge 2

3. Clean Bay Charge 3

4. Fiscal Year 2023/24 Charge Listing 4

1. INTRODUCTION

The City of Millbrae (the "City") was founded in 1856, incorporated in 1948 and operates as a General Law City serving a population of over 23,000. The City is located on the California Peninsula, 15 miles south of San Francisco. The boundaries of the City extend roughly from the Bayshore Freeway on the east to Skyline Boulevard on the west. This distance is approximately 1.7 miles. The distance between the north and south City limit line is approximately 2.05 miles. The City provides a full range of services including, but not limited to, sewer utility services.

Millbrae's sewer utility is a self-supporting enterprise that relies primarily on service charge revenues to meet annual funding needs. The sewer service charge provides funding for sewer system operations, maintenance, debt services and capital improvements to the City's aging sewer collection system and wastewater treatment plant. Like many Bay Area agencies, the City has a lot of aging sewer facilities including many pipelines that were installed 50 to 80 years ago and will need to be rehabilitated or replaced in upcoming years. The City has identified over $30 million of high-priority capital improvements needed over the next five years to rehabilitate and replace aging infrastructure, address capacity deficiencies, and improve wastewater system reliability. The City remains committed to operating as cost-effectively as possible while providing safe and reliable sewer service to the community.

Currently, water and sewer services are billed together bimonthly. To bolster consistent receipt of revenues and reduce staff time in preparation of customer billings, the City of Millbrae is in the process of moving the collection of sewer service charges for all parcels to the County property tax bills in Fiscal Year 2023-24, starting effectively July 1, 2023. A public hearing will be held on June 13, 2023, during the City Council Meeting to hold a public hearing and review a resolution to incorporate these charges.

2. SEWER SERVICE CHARGE

The City currently charges the following rate structure for annual sewer service which includes two components.

Fixed Monthly Service Charges: These fixed charges are billed per residential dwelling unit or per account for commercial and other customers.

Quantity Charges: Residential customers are billed based on metered water use during four wet-weather months (Nov-Feb or Dec-Mar depending on billing cycle), a period of minimal outdoor irrigation. Commercial and other customers are billed based on metered water use during each billing period throughout the year. The City's Quantity Charges are billed in units of one hundred cubic feet (ccf) where one ccf equals approximately 748 gallons.

Proposed Sewer Rates Fiscal Year 2023/24	
Fixed Service Charge	
Per Dwelling Unit[1]	$66.18
Universal Life Support[1]	$49.64
Quantity Charge	
Residential[2]	$6.62
Commercial/Other[3]	
Low Strength	$7.42
Moderate Strength	$8.78
Mod-High Strength	$11.62
High Strength	$12.95

[1] Monthly Service Charge.

[2] Residential customers are billed based on metered water use during four wet months (Nov-Feb or Dec-Mar depending on billing cycle) from which the average is applied as the monthly Sewer usage. Sewer usage is billed per hundred cubic feet (ccf) average multiplied by quantity rate for each month.

[3] Billed for all metered usage for each month per hundred cubic feet (ccf) multiplied by quantity rate.

3. CLEAN BAY CHARGE

In July 2017, the City replaced the SSO charge with the Clean Bay Fee. The Clean Bay Fee modified charges to reapportion costs between residential customers, multi-family units, and commercial customers. As a result, many customers initially paid less each month compared to their SSO charge. The Clean Bay Fee will remain in effect until the loans and/or bonds associated with sewer improvements are paid in full. The repayment timeline is dependent on the amount and type of debt that the City takes on to fund necessary capital improvements.

Proposed Clean Bay Charges Fiscal Year 2023/24	
Residential Fixed Service Charge	
Single Family[1]	$23.71
Multi-Family Dwelling[1]	$14.23
Commercial/Non-Residential Quantity Charge[2]	
Quantity Charge	$3.89
Minimum Monthly Charge[3]	$14.23

[1] Monthly charge per EDU or dwelling unit.

[2] Commercial/ Non-Residential quantity charge is billed based on metered water use during four wet months (Nov-Feb or Dec-Mar depending on billing cycle) from which the average is applied as the monthly Sewer usage. Sewer usage is billed per hundred cubic feet (ccf) average multiplied by quantity rate for each month.

[3] Average monthly usage multiplied by quantity rate must reach the minimum threshold, otherwise minimum charge is applied for all months.

4. FISCAL YEAR 2023/24 CHARGE LISTING

The following pages contain a list of parcels and the sewer service and Clean Bay charges for the 2023/24 Fiscal Year.
