## Funding Secured and Big Check Presented to City of Millbrae

This past Wednesday, October 18, 2023, the City of Millbrae City Council and City Staff participated in a big check presentation where they accepted three hundred thousand dollars (\$300,000) of funding that Senator Josh Becker and Assembly Member Diane Papan had secured. Through Senator Becker and Assembly Member Papan's hard work and dedication to Millbrae, they were able to secure this funding for our community to put towards the renovations of Bayside Manor Park and Marina Vista Park.

The Park upgrades are part of our Capital Improvement plan and are priority projects. These two parks have not been updated in over twenty-five (25) years. The City has partnered with Gates and associates to complete these projects. Community input is a very important process in the upgrades of these parks. Staff have conducted several community engagement events in March and May 2023 and completed a comprehensive outreach program to solicit community feedback on the desired amenities and needs at the renovated parks. This money will help to bring those dreams to life for our community members.

We are grateful to our representatives, Senator Becker and Assembly Member Papan, for their hard work and dedication to our community to secure these funds. These projects will open for public bid in early 2024, with the plan to begin construction in the Spring of 2024.

## A Message from SamTrans:

SamTrans is proposing some changes and improvements to its bus fares and would like to hear from you!

These changes are designed to simplify the fare structure, add new options and benefits for SamTrans riders, and in many cases reduce fares.

Proposed changes to be implemented on January 1, 2024:

- 1. Elimination of the Summer Youth Pass.** Summer Youth Pass has had a steady decline in participation and was paused during the pandemic and 2023. The decline in participation was amplified by the introduction of the [\*\*SamTrans Youth Unlimited Pass\*\*](#) which provides free SamTrans ridership for qualifying low-income students.
- 2. Consolidation of Local and Express fares for a single price.** All prices will be local fares and all local fare rules will apply.
- 3. Free fares for pre-arranged school field trips.** San Mateo County public schools will be eligible for free SamTrans bus service for pre-arranged field trips.

Proposed changes to be implemented upon the launch of [\*\*Clipper® Next Generation\*\*](#) (estimated Fall 2024):

- 1. Introduction of contactless Open Payment.** Customers will be able to pay for fares using contactless credit and debit cards on Clipper validators on SamTrans bus service.
- 2. Introduction of Day Pass and Monthly Pass Accumulators (also known as fare capping).** Fares for customers using Clipper or open payments will be capped for daily and monthly usage.
- 3. Discontinuation of bus fare payment on the SamTrans mobile app.** Customers will be able to purchase tickets on the Clipper mobile app.
- 4. Participation in the regional transfer discount program.** Customers will get discounted fares for transferring between participating Bay Area transit systems.

There are two opportunities for public comment:
