**MILLBRAE**

*Bay Area Hub*

Millbrae is perfectly situated between San Francisco and Silicon Valley, nestled between the sun-warmed hills and the San Francisco Bay. Our City retains a small town ambience while being the major transportation hub of the Bay. We are connected; the intersection of conveyance.

## Why Millbrae?

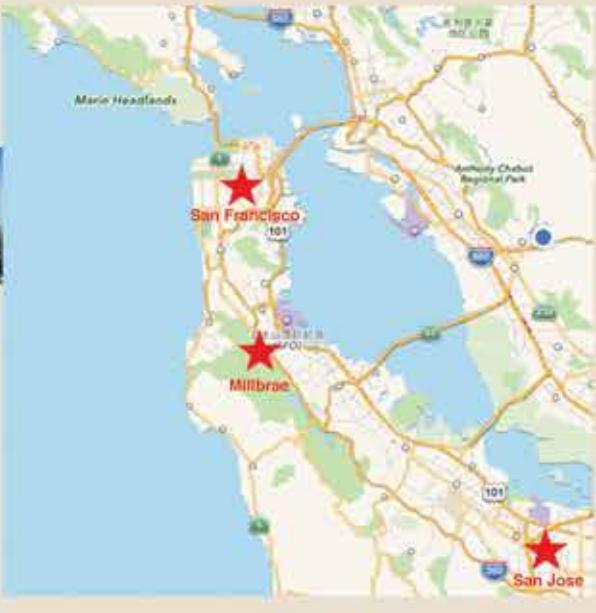

### 1. Millbrae is the Transportation Hub

Centrally located on the San Francisco Peninsula, Millbrae provides easy and direct access to the region as well as foreign and domestic destinations.

#### San Francisco International Airport (SFO)

Millbrae is less than 5 minutes away from the San Francisco International Airport (SFO), the largest airport in the Bay Area. With 57 million annual passengers, SFO is one of the 25 busiest airports in the world. With SFO located adjacent to Millbrae, it is the "Golden Gateway to Asia and the Pacific Rim."

## The Millbrae Intermodal Station

The Millbrae Intermodal Station is the transit gateway to and from the City providing connections to Bay Area destinations, San Francisco International Airport, and the Peninsula along the El Camino Real "Grand Boulevard." The station connects Bay Area Rapid Transit (BART), Caltrain, and the San Mateo County SamTrans bus system at a single station. The Millbrae Intermodal Station also features taxi stops, multi-level parking, and over 2,900 parking spaces.

## Millbrae Station Vision

Recently approved transit-oriented developments at the station are designed to include retail, office, hotel and residential uses to further compliment the area and provide additional shopping and dining options. The new residential and mixed-use developments will provide a pedestrian friendly and walkable environment for easy access to multi-modal transportation. The strong pedestrian scale connections and vibrant sidewalk activity areas will make these mixed-use high density developments a great place for residents, workers, visitors, and commuters to live, work, shop, and play.

### High Speed Rail

California's planned High-Speed Rail (HSR) or bullet train will be able to connect Northern and Southern California at speeds over 200 mph. With Millbrae connecting to SFO and being 1 of only 2 planned HSR stations on the San Francisco Peninsula, HSR has great potential to further support long term growth and economic sustainability.

### Access to Freeways

Adjacent to two major freeways - U.S. 101 and I-280 - Millbrae is easily connected to San Francisco, Oakland and San Jose.

### The Port of Oakland

This major container ship facility is the fifth busiest container port in the U.S. The port is only 40 minutes away from Millbrae, making it convenient to send and receive shipments.
