

FIGHT F.O.G.TM

**Keep Fats, Oils & Grease
Out of Your Drain!**

MILLBRAE

F.O.G. Clogs Pipes

**Follow these simple steps to help
prevent sewer backups:**

1. Pour cooled fats, oils and grease into a covered, disposable container and throw it into your garbage. Never pour fats, oils or grease down sink drains or toilets. COOL IT, CAN IT & TRASH IT.

2. Soak up remaining fats, oils and grease with an absorbent material such as paper towels and dispose into your garbage.
3. Before you wash dishes, scrape food scraps, fats, oils and grease into your garbage.
4. Use sink strainers to catch any remaining food waste while washing dishes.
