

RESOLUTION 11-36

**CITY OF MILLBRAE, COUNTY OF SAN MATEO
STATE OF CALIFORNIA**

AUTHORIZING A NEW RESIDENTIAL PREFERENTIAL PARKING PERMIT AREA

WHEREAS, residents in an area near the Capuchino Triangle which is located in the northern part of the City and is bordered by Park Boulevard, Park Place and El Camino Real (see attached map) have requested to be included in the City's residential preferential permit parking program; and

WHEREAS, parking in this area has become very limited due to employees of nearby businesses and some airport bound travelers parking in front of the residents in this area for long hours with some parking overnight; and

WHEREAS, Millbrae Municipal Code section 4.80.050 enables Council to add new preferential parking permit areas by resolution; and

WHEREAS, the residents of this new proposed residential permit parking area must still comply with code section 4.80.060, "Application for residential parking permit areas," in order to qualify for residential parking permits; and

WHEREAS, parking in the area would still be available to the local businesses and residents without a parking permit but would be limited to 2 hours; and

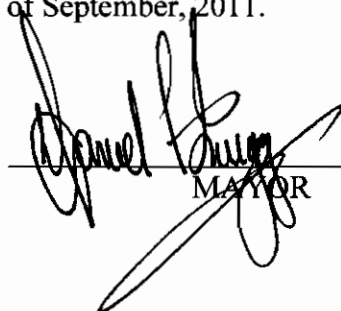

WHEREAS, under the current residential preferential permit parking program, residents will be issued one free permit and could purchase a second permit and up to a maximum of two guest permits for the current cost \$25 each per year; and

WHEREAS, parking permits are voluntary, i.e., if residents have sufficient off-street parking they do not need to apply for parking permits; and

WHEREAS, staff recommends adding this area to the City's preferential residential permit parking program.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Millbrae hereby authorizes adding the area near the Capuchino Triangle which is located in the northern part of the City bordered by Park Boulevard and Park Place, including both sides of these streets, to the City's Residential Preferential Parking Permit Program.

REGULARLY PASSED and adopted this 27th day of September, 2011.
