1. Where will the preschool be located?

The proposed location is at the site of the City's former Community Center – 477 Lincoln Circle, Millbrae (Central Park). More details can be found in the master plan at <https://www.ci.millbrae.ca.us/home/showdocument?id=14172>.

2. Are you looking for an established preschool to come into the new facility or more of an investor? With this requirement under the SOI: “iv. Demonstrate financial capacity to participate in the capital costs of the project.” How much are you looking for the participant to invest?

The City desires to bring in a long-term operations partner. The City has not specified an amount of capital investment and would like to hear from potential partners about their capacity to invest in the capital cost of this facility.
